# WEDDING FAQ'S

## **1 Do you take the traditional group shots?**

Yes of course, I am happy to do up to 8 group shots as long as we have had a chance before the wedding to plan these so that they can take 20-30 mins max. The best man and ushers are usually a great help gathering people together for this.

## **2 How long will you take to do the pictures of us on our own?**

This very much depends of the flow of your day but I would say I need a minimum of 30 minutes - an hour would be amazing but I am a realist. I do need the time with you to get the shots that will be your best record of the day. It is also often the first time you are 'alone' together after the ceremony and a good chance to catch your breath and relax for a moment - you'll hardly notice me, honest!

## **3 When can we see our pictures?**

Within 3 weeks of the wedding and often with a sneak peak going up on the blog whilst you are still on your honeymoon.

## **4 Can we print from the DVD/Memory Stick?**

Of course, that's what it's there for. Although I still own the copyright you may print as many images as you like as long as you don't sell them!

## **5 How much is the deposit?**

The deposit is £450 with the balance due 1 calander month before the wedding.

## **6 Do you travel in the UK or do destination weddings?**

In the UK it's an extra £250 to cover 2 nights accomodation if the distance is over 100 miles from home. For destination weddings travel and accomodation for myself and my assistant will be added to the package as well as a daily charge of £150.

## **Session Fee £125**

This includes a 10x8 print and a £50 credit towards any products purchased from your viewing.

As you may have gathered from the images on my site I always shoot 'on location'. That could be your local park, back garden or indeed any backdrop you fancy. I'm always scouting (I look out of the window whilst in the car – a lot) and if I spot a field of poppies or an architecturally interesting looking car park and you're up for it off we'll go.

Albums and framed prints from your shoot are bespoke and prices will be quoted at the viewing.

As a guide an 8x8 album starts at £595 with framed images from £195.

## **Session Fee £125**

This includes a 10x8 print and a £50 credit towards any products purchased from your viewing.

I know horses are not so easy to move somewhere different for a shoot but we can do whatever you're up for –I have my own horse and used to mud and all the 'other' stuff that comes with the territory. Whether you want some ridden shots or some of your horse in a more natural environment I will allow plenty of time for us to get the some amazing shots of you and your horse.

Bespoke 8x8 Albums start at £795  
with framed images from £195.

# PREGNANCY & BABY PHOTOGRAPHY

The first year of your baby's life is precious and one that you will never regret documenting. I offer 3 mini shoots over the first year with 12 prints included in the price. You can also choose to have one of your shoots as a pregnancy shoot if you would like. Bespoke albums and frames are also available.

## BABIES FIRST YEAR £495
